

Promedic

by

Road Rescue[®]

AN ALLIED SPECIALTY VEHICLES COMPANY

In Service for Life[™]

Although designed to be compact in overall length, the Promedic boasts a 96" width for outstanding patient access in a smaller footprint. The air ride suspension provides a comfortable ride for the patient and is often preferred for longer transports. The Promedic also offers all of the features and benefits that are provided on all of the larger Road Rescue models.

Standard Features

Crash-Rail System - The snap-on extruded rubber crash rail eliminates fasteners for easy repair or replacement in the field. It also houses a reflective insert for increased conspicuity and safety.

Wall-Panel Construction - Formed .125" aluminum utilizing pan formed, single sheet front, rear and side wall design principles enhances a robust modular structure.

Roof Radius - The perimeter of the roof is framed with a radius extrusion with triple-wall webbing for long-term strength and structural integrity.

QUICK FACTS

Length 150"
Width 96"
Headroom 72"

Hidden Hinges

Exclusive design protects hinges from environmental conditions and provides a clean, streamlined appearance.

Patient Centric Ceiling with Central Air System

Includes a medical rail system directly over the patient, providing a work zone with lights and medical accessories along with the ceiling vents to maximize conditioned air flow.

Whisper Quiet, All Aluminum Interior

Our all aluminum interior protects against blood borne pathogens while providing a whisper quiet environment that virtually eliminates outside noises, allowing you to manage the patient's vital signs without distractions.

Visit our website to find one of our professional dealers and get on your way to owning a Promedic by Road Rescue.

Some of the options shown are not standard. Please contact your Road Rescue dealer for more information.
