Road Rescue[®]

AN ALLIED SPECIALTY VEHICLES COMPANY

In Service for Life[™]

*The Ultramedic is
the flagship in the
Road Rescue line*

Road Rescue pioneers new features that allow emergency personnel to provide effective patient care in a safe, secure environment. When you choose Road Rescue, you know you're getting the safest, most innovative ambulances in the industry with features designed to provide a secure environment for patient care and occupant safety.

Standard Features

Hidden Hinges - Exclusive design protects hinges from environmental conditions and provides a clean, streamlined appearance.

Wall-Panel Construction - Formed .125" aluminum utilizing pan formed, single sheet front, rear and side wall design principles enhances a robust modular structure.

Roof Radius - The perimeter of the roof is framed with a radius extrusion with triple-wall webbing for long-term strength and structural integrity.

Road Rescue is an
ISO 9001:2008 Certified Company

Crash-Rail System

The snap-on extruded rubber crash rail eliminates fasteners for easy repair or replacement in the field. It also houses a reflective insert for increased conspicuity and safety.

Whisper Quiet, All Aluminum Interior

Our all aluminum interior protects against blood borne pathogens while providing a whisper quiet environment that virtually eliminates outside noises, allowing you to manage the patient's vital signs without distractions.

Visit our website to find one of our professional dealers and get on your way to owning an Ultramedic by Road Rescue.

Some of the options shown are not standard. Please contact your Road Rescue dealer for more information.

Patient Centric Ceiling with Central Air System

Includes a medical device rail system directly over the patient, providing a work zone with lights and medical accessories along with ceiling vents to maximize conditioned air flow.
